**Arrival by Airplane**

The closest Airport would be Torino Caselle (30 minutes' drive from Val Della Torre), but also Milano Malpensa would work (90 minutes' drive from Val Della Torre).

### Arrival by Public Transport

If you arrive in Turin Airport (Caselle), the best way to travel to the Inpeco facility is a taxi (30 mins drive).

If you arrive in Milan Airport (MXP or LIN) taxi is more expensive, but the solution by public transport a bit complicated:

To reach the Inpeco facility by public transport is not that easy. If you arrive by plane, you have to take a shuttle to the Milan Centrale railway station (from MXP 1 hour, from LIN 20 min). From the Milan Centrale railway station you should take a train to Turin railway station (Porta Nuova or Porta Susa, 1 hour more or less) and then a taxi to Inpeco facility.

We can also recommend you to rent a car (from MXP or LIN), which you will need during the week, if you haven't booked a room at Valdhotel.
